

TE60-3030

60" General Purpose Outdoor Enclosure

Your Power Solutions Partner

- Rugged outdoor enclosure designed for AC or DC power systems and batteries
- 30 RU available equipment space provides room for rectifiers, distribution, customer equipment and batteries
- Pad-lockable door and durable powder coated aluminum construction allow for secure outdoor or indoor applications
- Flexible thermal management solutions enable convenient matching to load and environmental parameters

Alpha outdoor enclosures bring versatility and reliability to outdoor power system enclosures.

The TE60-3030 Outdoor Power Enclosure is a 60" tall enclosure engineered for either a DC or AC power system with batteries. Welded aluminum construction provides structural integrity that will withstand seismic events and harsh weather conditions. The TE60-3030 is designed with the flexibility to house equipment from various vendors and to expand as powering needs change. Trust Alpha outdoor enclosures to provide the ultimate protection for network equipment.
