Alpha Technologies Product End of Life Notice: Cordex 125/220V - 3.3kW Integrated Systems

Date: July 7, 2015

Model #: Cordex 125/220V - 3.3kW Integrated Systems

Part #: 030-788-20-xxx and 030-789-20-xxx

Dear Valued Customer,

The Alpha Cordex 125/220V - 3.3kW Integrated Systems product line has been providing our customers with reliable performance for over a decade. Unfortunately, due to unforeseen circumstances in our manufacturing and supply chain, Alpha will not be able to continue to supply these Integrated Systems. Alpha will continue to provide the 125/220V 1.1kW Cordex rectifier and its associated standard shelves and controllers which may be integrated by users to provide similar functionality as the Cordex 125/220V - 3.3kW Integrated Systems.

As a valued customer, Alpha is offering you a last-time opportunity to purchase this product, after which all Cordex 125/220V - 3.3kW Integrated Systems production will be permanently closed down. We will be happy to work with you to determine the quantities you may wish to order in this last-time buy, based on a non-cancellable non-returnable purchase order, for delivery throughout the balance of this year. **All last-time buy orders must be received no later than August 15, 2015**. It is highly recommended that orders be placed as far as possible in advance of the deadline. We apologize for the short notice and will attempt to accommodate all requirements.

While the sale of Cordex 125/220V - 3.3kW Integrated Systems will cease, Alpha will continue to provide technical support and service for this product for the foreseeable future (minimum of 5 years).
