END OF LIFE NOTICE Cordex CXCI+ Power Supply Unit

Date: February 25, 2021
Model #: Cordex CXCI+ PSU
Part #: 0100011-001/002, 0100012-001/002

Dear Valued Customer,

The CXCI+ PSU is the final remaining product available with the CXCI+ controller. To bring the PSU lineup in line with all other Cordex Power Systems the CXCI+ controller variant is being discontinued. The units are being replaced with CXCI HP variants as listed below.

The last time buy for the CXCI+ PSU will be January 1st, 2022, with a last time ship date of June 1st, 2022. The available lead times of EOL products will increase as we approach January 1st, 2022. The HP variant allows more functionality and customization inside the HP Controller. The unit is fully electrically and mechanically backwards compatible with all scenarios that the CXCI+ variant is used.

PRODUCTS TO BE DISCONTINUED		REPLACEMENT PRODUCTS	
0100011-001	Cordex PSU, 24V/400W Wall Mount	0100011-402	Cordex PSU, 24V/400W, DIN Rail, Web Enabled, with CXCI HP
