

Your Power Solutions Partner

THE NEW ALPHA TECHNOLOGIES LTD. (FORMERLY ARGUS TECHNOLOGIES LTD.) EXHIBITS AT THE CTIA WIRELESS 2010 SHOW

VANCOUVER, BC. March 22, 2010 – January 2010 saw two industry-leading power solutions companies, Argus Technologies and Alpha Technologies, merge to become Alpha Technologies Ltd. (Alpha).

For more than two decades, both companies have been developing and delivering superior power solutions in the Telecom, Traffic, Security and Industrial markets around the globe.

Building on a shared pedigree of product quality, technological innovation and customization, the new Alpha will now leverage a combined product portfolio in Uninterruptible Power Supplies, Power Conversion, Protection, Backup and Generation technologies.

“Providing our customers with one company to call for all their powering needs makes us easier to do business with,” said Mark Schnarr, President and CEO of Alpha Technologies Ltd.

“It enables Alpha to operate more efficiently, improve competitiveness and sustain our growth so we stay true to our goal of being the power solutions partner of choice for our customers.”

Visit our booth #1509 - CTIA Wireless 2010 Show in Las Vegas NV March 23-25 and learn how Alpha’s solutions are the ideal fit for your powering needs.

Alpha Technologies Ltd. (formerly Argus Technologies Ltd.) is a member of the Alpha Group and leader in the design and manufacture of complete power solutions for Telecom, Mobility, Backhaul and Microwave networks.

In addition to advanced next generation power systems, Alpha specializes in Line Power, FTTx, Solar and Telecom-grade DC generators, rugged UPS/Back-up power and sophisticated outdoor/indoor enclosures; all backed by outstanding worldwide service and support.

The Alpha Group represents a global alliance of independent companies that share a common philosophy; to create world-class powering solutions for communication, commercial, industrial and renewable energy markets.
