

Your Power Solutions Partner

ALPHA TECHNOLOGIES WINS PRICEWATERHOUSE COOPERS' PACESETTER AWARD

Vancouver, BC. October 15, 2012 – Alpha Technologies Ltd., a leading power solutions provider for global communications markets, was recently selected as the winner of the Pricewaterhouse Coopers' (PwC) Pacesetter Award.

The Pacesetter award annually recognizes an organization with an established market presence (selected out of the top 100 fastest growing companies in British Columbia*), whose absolute growth has been outstanding and whose management team has driven its business forward to the next level.

"Winning this prestigious accolade is strong validation of our hard work across the organization, sound business strategy and great customer relationships," noted Mark W. Schnarr, President and CEO for Alpha Technologies Ltd. "Despite a lethargic global economy, we continue to assert ourselves as one of the top performing private enterprises within British Columbia and we are making huge inroads in our target markets around the world."

*Business in Vancouver Magazines' Top 100 Fastest Growing Companies recognizes the B.C. enterprises that have demonstrated the most rapid top-line revenue growth over the past 5 fiscal years. Alpha ranked #33 on this year's list which ranks companies based on year/year % growth.

Alpha Technologies Ltd. is an established leader in the design, manufacture, service and installation of powering solutions for the Telecom, CATV, Traffic, Security, Medical, Industrial and Renewable Energy industries. The Company offers a broad portfolio of high-quality, feature-rich solutions that can be customized to suit almost any application and environment, offering the highest performance and best value in the industry. With a focus on being your power solutions partner, Alpha builds on over 35 years of outdoor power manufacturing experience to develop solutions that solve customers' unique powering challenges.

The Alpha Group represents an alliance of independent companies united by a common goal: the development and manufacture of total power solutions.
