ALPHA TECHNOLOGIES LTD. SELECTED BY AT&T FOR SUPPLIER DIVERSITY CRYSTAL AWARD

Vancouver, BC. May 1, 2014 – Alpha Technologies Ltd., a member of The Alpha Group, is pleased to announce that it was selected by AT&T as a recipient of its 2013 Supplier Diversity Crystal award.

AT&T reserves this honor for a select group of prime suppliers who attained and/or exceeded 21.5 percent diversity utilization in 2013. Alpha Technologies Ltd. partnered with Washington headquartered and woman-owned Altair Advanced Industries Inc., another member of The Alpha Group, to contribute to AT&T exceeding its diversity spend target for its Prime Supplier program.

J. Michael Burkhalter, Alpha's Vice President of US Sales noted, "It is a great honor to be selected as a recipient of AT&T's Supplier Diversity Award. AT&T requires its manufacturing suppliers to meet specific diversity goals by partnering with businesses in their supply chain who diversify their workforces with minority, women and disabled employees. Alpha Technologies and other members of The Alpha Group family are proud to be counted amongst those manufacturing businesses who strive for continuous improvement through principled and equal-opportunity work places and take pride in keeping jobs in America."

For over 35 years, Alpha Technologies has been an industry pioneer and global leader in the design and manufacture of AC and DC power. Our distinctive excellence is the ability to innovate and quickly deliver optimized solutions for our customers' unique powering challenges in the Telecom, Cable Broadband, Traffic, Security, Industrial and Renewable Energy industries. Alpha's TL 9000 certified quality system, award-winning product strategy and continuous improvement/operational excellence program focuses on achieving complete customer satisfaction and supplying solutions of the highest quality, value and reliability. www.alpha.ca

Altair Advanced Industries, Inc., a member of The Alpha Group, is a contract manufacturing organization that serves all Alpha Group companies as well as third parties across the U.S. and Canada. Altair's vertically integrated manufacturing facilities provide state-of-the-art technology including CNC fabrication, PCB assembly, powder-coat finishing, product integration, assembly and testing. www.alpha.com
