ALPHA TECHNOLOGIES TO PRESENT AT THE UPCOMING DAS AND SMALL CELLS CONGRESS

Vancouver, BC. June 4, 2014 – Alpha Technologies Ltd., the power behind the evolution of communications networks, will present two topics at the 2014 DAS and Small Cells Congress. Scheduled for June 16-18, 2014 at the ARIA Resort in Las Vegas, this congress is a must-attend industry event for carriers and integrators of Distributed Antenna Systems and Small Cells, showcasing the newest technologies, techniques and best practices around implementation in real world applications.

With years of development and implementation experience in DAS powering solutions, Alpha is the industry leader in powering DAS networks. On Tuesday, June 17th at 1:20 pm, Alpha's Director of Strategic Accounts, David Olps, will present "Powering DAS: Reports from the Field", followed by a 1:50 pm "Batteries Not Included" Line Power presentation by Kevin Borders, Director of Product Marketing at Alpha. These sessions will provide the industry with practical information and options for innovative DAS powering solutions.

Visit Alpha at Booth # 200 where we will be featuring our current portfolio of DAS and Line Powering Solutions, as well as a selection of customizable solutions designed to solve unique application challenges.
