Technical Advisory Bulletin

Slimline Breaker Availability

Date: June 26, 2024

Model: 70A, 80A, and 100A Slimline Breakers

Part Numbers: C470-728-10, C470-729-10 and C470-730-10

Issue

Our slimline breaker vendor, Eaton/Heinemann, has informed us that the 70A, 80A and 100A Slim Line Series breakers have been discontinued and no replacements were offered. These Slimline breakers are used in the Alpha[®] Matrix C16 and Matrix 300 distribution panels.

Corrective Action

Ampacity up to 65A are still available and are not affected.

EnerSys will initiate end-of-life notification for the following three items effective immediately.

PRODUCTS TO BE DISCONTINUED	
Part Number	Model
C470-728-10	70A Slimline Breaker
C470-729-10	80A Slimline Breaker
C470-730-10	100A Slimline Breaker

NOTE: The strategic sourcing team have been involved with the search to find an alternative supplier but so far, we have no solution. Contact product management to explore options to address the high ampacity requirement for your specific project.

No response to this notification is required. Should you have any questions or comments regarding discontinuations, please address these to your EnerSys sales representative or contact us directly at 1-800-667-8743.

EnerSys appreciates your patronage and understanding as we strive to offer best in class powering solutions to support your needs.

Sincerely,

Fred Pablo

Associate Product Manager
