## END OF LIFE NOTICE CXRF 48-2.4kW Rectifier

Date: July 24, 2020  
Model #: CXRF-HP 48-2.4kW  
Part #: 0100003-001

Dear Valued Customer,

Alpha's 2.4kW rectifier module has been available for many years providing power for small-to-medium Cordex® Power Solutions such as the CXPS-E3 and CXPS-W platforms. With the introduction of the 3.0kW rectifier this year we are formalizing the end of life process for the existing 2.4kW rectifier. The last time buy for the 2.4kW rectifier shall be **July 31<sup>st</sup>, 2021** with the last time ship dates of January 1<sup>st</sup>, 2022. The available lead times for the 2.4kW rectifier shall be increasing as we progress to July 31<sup>st</sup>, 2021.

The 3.0kW is offering 25% more power, and an increase of 0.7% total peak efficiency (18% reduction in inefficiency) all inside the existing form factor. It is also backwards compatible with all existing 2.4kW rectifier shelves.

PRODUCTS TO BE DISCONTINUED		REPLACEMENT PRODUCTS	
0100003-001	Power Module, CXRF-HP 48-2.4kW,RoHS6	0100037-001	Power Module, CXRF-HP 48-3kW,RoHS6

For kits containing the above top-level part number please refer to the [supplemental excel spreadsheet](#). No response to this notification is required. Should you have any questions or comments regarding discontinuation(s), please address these to your Alpha sales representative or contact us directly at 1-800-667-8743.

Sincerely,

JD Fraser
