Dear Valued Customer,

The Alpha Sentra and Continuity series have been providing reliable performance for the last several years. Unfortunately, due to low volume sales and component obsolescence, EnerSys will no longer be manufacturing new units. EnerSys will be accepting last time buy orders on the limited stock we have available, based on a first come, first served basis. Order acceptance is not guaranteed until confirmed by EnerSys. Note that all orders require non-cancellable, non-returnable purchase orders.

No response to this notification is required. Should you have any questions or comments regarding discontinuations, please address these to your EnerSys sales representative or contact us directly at 1-800-667-8743.

EnerSys appreciates your patronage and understanding as we strive to offer best in class powering solutions to support your needs.

Sincerely,

Daljit Hothi
