End of Life Notice

Cordex® HP LPS36 Compact OSP Line Power System

Date: December 18, 2023
Model #: Cordex® HP LPS36 Compact
Part #: 0300189-004

Dear Valued Customer,

As part of our on-going efforts to deliver the most valued customer experience, we have streamlined our Cordex® HP LPS line power product series to offer only the 19- and 23-inch Cordex® HP LPS36 line power shelves. The decision to move forward with this approach was based on several factors including very long lead-times, higher material cost, and low sales volume. The Cordex® HP LPS36 Compact OSP line power system is typically used for remote line powering applications where the need for the number of remote line power channels is limited to 16 channels or less.

EnerSys is initiating this end of line notification for the following model effective December 1, 2023.

PRODUCTS TO BE DISCONTINUED	
Part Number	Model/Description
0300189-004	Cordex® HP LPS36 Compact OSP Line Power System

No response to this notification is required. Should you have any questions or comments regarding discontinuation(s), please address these to your Alpha sales representative or contact us directly at 1-800-667-8743.

EnerSys appreciates your patronage and understanding as we strive to offer best-in-class powering solutions to support your needs.

Sincerely,

Satheesh Hariharan
Sr. Product Manager, Distributed Powering In-Building
